

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

IN RE: VIAGRA (SILDENAFIL CITRATE)
AND CIALIS (TADALAFIL) PRODUCTS
LIABILITY LITIGATION

Case No. [16-md-02691-RS](#) (SK)

ORDER STRIKING MOTION TO SEAL

This Document Relates to:

Regarding Docket No. 540

ALL ACTIONS

On July 26, 2017, in connection with then pending discovery disputes, Plaintiffs filed a motion to seal. (Dkt. 540.) However, on August 1, 2017, the parties informed the Court that they were engaging in further efforts to resolve their pending discovery disputes on their own. The Court thus struck the joint letter briefs without prejudice to refiling if the parties were not able to resolve these matters. (Dkt. 564.) The Court FURTHER STRIKES the related motion to seal. Again, this Order is without prejudice to refiling if the parties later file a joint letter regarding a discovery dispute, and these documents are relevant to such dispute.

IT IS SO ORDERED.

Dated: January 29, 2018
